ITEM REMOVED FROM CONSENT AGENDA FOR SEPARATE DISCUSSION

1. Dirty Dogg Saloon Liquor License

Request: Consider forwarding a favorable recommendation to the Arizona Department of Liquor Licenses and Control for a person & location transfer of a series 6 (bar) State liquor license.

Location: 10409 N Scottsdale Rd

Reference: 76-LL-2003

Staff Contact(s): Robert Bushfield, Development Review and Permit Services Director, 480-312-7096, rbushfield@ScottsdaleAZ.Gov

Kroy Ekblaw explained that the request before Council this evening is for a Series 6 liquor license. He noted that application had previously been made for a Series 12 for the establishment; however, during staff review, it was determined that a Series 6 license would be required. The police have investigated a

complaint in the form of a letter that was received in the spring from a visitor expressing concern over behavior in the bar. Planning review has identified that throughout the entire center, there is adequate parking when all uses are combined and the establishment meets the zoning requirements. The applicant has past violations that have since been brought into compliance.

Mayor Manross invited the applicant, Jack Estes to speak on behalf of his application. Mr. Estes and his consultant were introduced before responding to questions from Council.

In response to questions from Councilman Ortega, Mr. Estes confirmed that he spoke with the president of the homeowner's association and received no objections. He noted that he has a letter from the owner of the property expressing approval of the planned use.

Mayor Manross opened public testimony.

Michael Merrill, 8713 E. Vernon Avenue, requested that Council forward an unfavorable recommendation to the State, along with a letter regarding the proposed use and the applicant's past violations.

Mayor Manross closed public testimony.

Mayor Manross clarified that the city does have the ability to comment on their recommendations to the State. Mr. Estes confirmed for Mayor Manross that the open container violation was dismissed. He emphasized that he has been involved in many charity fundraisers throughout the years to illustrate that he does give back to the community.

Chief Rodbell confirmed for Vice Mayor Ecton that this establishment is located in an area that has recently had problems associated with bars. Vice Mayor Ecton explained that there are forty-nine liquor licenses within a half-mile radius; therefore, he expressed doubt if the business is necessary in the area for convenience. He questioned if staff's review of the application includes factors such as overburdening certain communities. Chief Rodbell clarified that this issue has been discussed; however, there is no policy recommendation at this time.

COUNCILMAN ECTON MOVED TO FORWARD AN UNFAVORABLE RECOMMENDATION TO THE STATE. COUNCILMAN LITTLEFIELD SECONDED THE MOTION [WHICH CARRIED 4/2 (M.M., D.O.)].

Councilman Littlefield expressed his belief that the city must develop standards on these issues so applicants and staff have clear guidelines to follow.

Mayor Manross clarified that twenty-four of the forty-nine liquor licenses in the area are restaurants, while only seven are bars. She acknowledged that she has some concerns that the applicant has some violations although they were misdemeanors.

Mr. Ekblaw clarified for Councilman Ortega that there were previous liquor licenses on the property. Councilman Ortega explained that there is history on the site. He expressed his belief that there are not adequate grounds to deny a favorable recommendation to the State.

Councilman O'Hearn requested reports be made available to Council summarizing the State's actions involving cases where the city forwarded recommendations. He expressed his belief that if the city

forwards an unfavorable recommendation to the State, the State would conduct a more detailed review of the application.

Following the discussion, THE MOTION CARRIED 4/2 (M.M., D.O.).

Debbie Abele, Historic Preservation Officer, explained that Council passed the Historic Preservation Ordinance in 1999, which moved the city to the forefront on historic preservation across the nation. One of the innovations contained in the ordinance is a requirement that the city proactively develop a preservation plan for property upon its historic designation. The plan proactively identifies the needs and issues that must be dealt with for the preservation to be successful.

Since that time, the city has taken a lead in studying past resources; i.e., those buildings that were developed in the post war era. The historic designation of the Valley Ho is an example of this effort. She noted that Council's support tonight would demonstrate the city's commitment to preservation.

Scott Lyon spoke on behalf of the Valley Ho, stating that the owners believe that the hotel is one of the most important historic landmarks in the city. Another unique aspect of the property is that it is located in a critical part of the downtown, which has seen neglect over the past decade. He expressed his belief that this project could be the key catalyst in the revitalization of the area.

Mr. Lyon emphasized the extent of planning and engineering that has been conducted to move the project forward. He noted that construction is scheduled to begin on April 1, 2004, with completion scheduled for September 2005, assuming that the item is approved tonight.

Mayor Manross opened public testimony.

Nancy Dallett, 6286 E. Catalina Drive, spoke in support of the agreement as a member of the city's Historic Preservation Commission.

Lyle Wurtz, 6510 E. Palm Lane, spoke in opposition to the incentive and inquired if the hotel's property taxes would be reduced in any way. He questioned how long the city could keep subsidizing businesses to locate or renovate within the city. He requested clarification on the tax figures as presented earlier in the meeting.

Doug Sydnor, 7460 N. Willowrain Court, identified himself as the founding chairman of the Historic Preservation Commission and past chair of the Incentives Committee. He spoke in support of the project since he believed it would benefit the city while preserving history.

Jane Fallek, 6633 E. 2nd Street, expressed support of the proposal since the investment would last many life times.

Mayor Manross closed public testimony. She clarified that the only portion of the sales tax that would be impacted by this agreement is the unrestricted part of the General Fund.

Councilman O'Hearn explained that the private-public partnership would ensure that the project moves forward.

COUNCILMAN O'HEARN MOVED TO **APPROVE** RESOLUTION NO. 6399 APPROVING CITY OF SCOTTSDALE AGREEMENT NO. 2003-175-COS WITH MSR PROPERTIES, LLC FOR PROVIDING A PRESERVATION INCENTIVE BASED UPON A PORTION OF THE PRIVILEGE AND USE TAX PROCEEDS GENERATED FROM THE HISTORICALLY DESIGNATED PORTION OF THE PROPERTY IN RETURN FOR A PRESERVATION EASEMENT OVER THE HISTORICALLY DESIGNATED HOTEL VALLEY HO; TO REALIZE ECONOMIC VITALITY, HISTORIC PRESERVATION AND DOWNTOWN OBJECTIVES; AND TO RECEIVE PUBLIC IMPROVEMENTS AS PART OF THE HOTEL VALLEY HO REVITALIZATION. COUNCILMAN SILVERMAN SECONDED THE MOTION [WHICH CARRIED 5/1 (R.L.)].

Councilman Silverman stated that, although he has never supported an incentive for a hotel before, this building is an exception due to its historical significance.

Councilman Littlefield expressed his belief that the incentive is too high and unnecessary. He suggested that the item be continued due to its late inclusion in Council's packet.

Councilman Ecton questioned how the subsidy compares to others in the Phoenix area. Ms. Abele explained that the City of Phoenix has a Historic Preservation Bond Fund it uses to promote preservation. She noted that the City of Phoenix awarded a grant of \$500,000 to rehabilitate apartments on North Central. Ms. Dolan clarified that historic preservation is new to the valley. In itself, aging doesn't result in historic designation. She noted that approval of this proposal doesn't necessarily set a precedent and it would be very appropriate to review each case individually.

Councilman Ecton expressed sympathy for the historic value of the property to the city. He explained that he never expected an incentive of this size to be offered for historic preservation. Nevertheless, he stated his reluctant support for the motion since the hotel will be a valuable asset to the city and tourism.

Councilman Ortega stated his belief that the Valley Ho Hotel is important to revive Main Street. He noted that the preservation of the Valley Ho property is vital to the city's efforts to preserve the past. He emphasized that the hotel will generate bed tax that will be a huge return to the city. On top of that, their advertising budget, over a ten-year period, ranges from \$500,000 to \$900,000 per year.

Mayor Manross felt that approval of this item would send a strong message that the city is committed to preservation. In this case, economics is not the only consideration since the property is a historical icon in the community. She noted that the public amenity features of the project totaling approximately \$3 million were strongly requested by the city and the neighborhood. She emphasized her belief that the project is another strategic step for revitalization of the downtown area. She stated that the city does have an incentive policy; however, there are no overall caps, which allows flexibility.

Councilman Ortega stated his belief that the city's incentive policy needs some rational controls.

Following the discussion, THE MOTION CARRIED 5/1 (R.L.)

Mayor Manross opened public testimony.

Frank Maguire, 7121 E. 5th Avenue, spoke on behalf of the 5th Avenue Area Merchants Association. He noted that most small businesses struggle on a day-to-day basis. He pointed out that although the sales tax might not have increased with the inception of the EMSD; it didn't decrease even during tough

economic times. He requested that Council extend the DSP contract for a few more months to get the area through the tourism season.

Bernard Blaustein, 15838 N. 107th Place, requested that Council call for a vote now rather than prolonging the decision.

Marilynn Atkinson, 3957 N. Brown Avenue, read a letter from the Old Town Merchants Association in support of the commission and offered to participate.

Scott Larsen, 4235 N. Marshall Way, spoke as the president of DSP. He outlined the transitional issues that must be addressed and noted that the DSP is fully cooperating to ensure a smooth transition. He recommended that the contract for DSP be extended to allow management of the special events for this year's campaign that was put in place last year.

Mayor Manross closed public testimony.

Councilman Littlefield presented the following slides to illustrate that the EMSD has not been effective since its inception.

COUNCILMAN LITTLEFIELD MOVED TO **ADOPT** ORDINANCE NO. 3532 TO ESTABLISH A SEVEN (7) MEMBER ENHANCED MUNICIPAL SERVICES DISTRICT (EMSD) COMMISSION TO ADMINISTER AND ALLOCATE FUNDS WITHIN THE EMSD AREA FOR MARKETING, PROMOTION AND SPECIAL EVENTS WITH NO EXTENSION TO THE DSP CONTRACT. COUNCILMAN SILVERMAN SECONDED THE MOTION [WHICH CARRIED 4/2 (M.M., D.O.)].

Responding to questions from Councilman Silverman, Mr. Gawf confirmed that the transition could be accomplished in January. Councilman Silverman stated his belief that it is time Council listens to the property owners who have not been happy with the EMSD.

Councilman Ortega expressed his belief that this action is being taken at the worst possible time. He felt that, in the long term, the commission would cease to exist since it would not adequately represent the business owners' due to membership restrictions. He questioned if the commission would be able to maintain the level of volunteerism that the DSP inspired.

Councilman O'Hearn thanked the DSP for their cooperation in the transition. He noted that although the decision to create the commission has already been made, tonight's issue is one of what the commission will look like as well as when and how the transition would take place. He stated his belief that the transition has been a cooperative effort and is well underway.

Mayor Manross explained that the commission won't represent some significant business owners because they don't live within the city limits. She disagreed with the language in the ordinance and the mentioned transition. She believed that the transition could occur in the time outlined; however, it would be challenging.

Mr. Gawf confirmed for Councilman Silverman that the ordinance provides for subcommittees whose members will not be restricted to residents of the city.

Following the discussion, THE MOTION CARRIED 4/2 (M.M., D.O.).
